

Sinclair
Broadcasting should
be held liable for
false representation
of veterans who
opposed the Viet Nam
war and the actions
of our government.
It is an oxy-moron
to the Abu Gharib
prison scandal.
Based on their
alleged account of
John Kerry's
actions, the soldier
who leaked the
scandal at Abu
Gharib prison is
responsible for the
torture, deaths and
beheadings of
Americans. After
all, they
intensified after
the scandal leak and
the terrorist have
claimed retaliation
for the prison
abuse. This is
absurd as John Kerry
and this soldier are
heroes for not only
serving their
country, but
standing up to our
government for
breaking the Geneva
convention and
betraying the morals
and standards
adopted by America
and the American
people. This is an
outrage. My husband
is a Viet Nam
Veteran and I served
21 years in the Navy
immediately
following the Viet
Nam war from
1975-1996. America
took responsibility
for the Viet Nam
disaster and pledged
to never partake in
this behavior again.
Yet Bush led the
dismantling of our
pledge and now
attempts to distort
the truth. This is
not the America I
served 21 years in
the military for.
Stop Sinclair from

discrediting a real American hero along with the good of all Americans who oppose this behavior.

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
